Professional Summary

Motivated and detail-oriented Frontend Developer with a solid foundation in HTML, CSS, JavaScript, and basic C/C++. Currently pursuing MCA with a keen interest in building responsive and user-friendly web applications. Experienced in developing dynamic interfaces using React and React-Bootstrap. Passionate about learning new technologies and contributing to innovative web solutions in a collaborative environment.

Projects

Overview: News Mag is a modern web application that serves as an online news, allowing users to explore the latest News from various categories such as technology, health, sports, and entertainment news. Utilizing React for its dynamic user interface and React Bootstrap for responsive design, this app offers a seamless reading experience across devices.
